awarded in scholarships for post-secondary education

\$23,000

given to principals to support needs of vulnerable students through the Spring Fund

400

middle & high school students participated in the Berrian Strings festivals

INITIATIVE HIGHLIGHT: Leader in Me®

Ginny's Story

Ginny was a 9th grade student at North Henderson High School, the district's highest poverty high school. She became overwhelmed by school. Ginny struggled through the end of her 9th grade year, missing numerous days of school and the days she was present were polluted by conflict with her fellow students. She was ready to drop out of school.

During Ginny's sophomore year (2018-2019) at North, the Henderson County Education Foundation funded a new initiative at North, LEAD. LEAD is a whole-school

transformation model based on Stephen Covey's "7 Habits of Highly Effective People" and teaches young people critical 21st century skills that they can use to lead their own life. Ginny began applying the tools she was learning in the weekly LEAD period and her paradigms began to shift. At the end of her sophomore year, she applied to be on the LEAD team and Ginny was voted in by her peers to lead the school of over 1,000 students.

Ginny is just one of many students that have been impacted by this work. Since 2017 HCEF and the Community Foundation of Henderson County have been co-leading the effort to add more Leader in Me Schools in Henderson County.

"The support and encouragement from my teachers has greatly impacted my life. The way they care about each and every student like their own is so special. They made me feel accepted and a part of something that I never thought was possible. The staff at North greatly improves each student's life."

8 Leader in Me Schools added

39 Professional Development Workshops

500+ District staff developing their own leadership skills and teaching practices

6,300+ Students receiving access to whole-person, 21st century skill building education
