Added a 2nd vehicle to the Meals on the Bus fleet, delivering food during school breaks

650+ 5th graders enriched through outdoor learning experiences through Muddy Sneakers

43 students awarded over \$70,000 in scholarships for post-secondary education

Inducted three new members to the Hall of Fame: Nancy Edwards, Marv Larson & Wayne Morgan

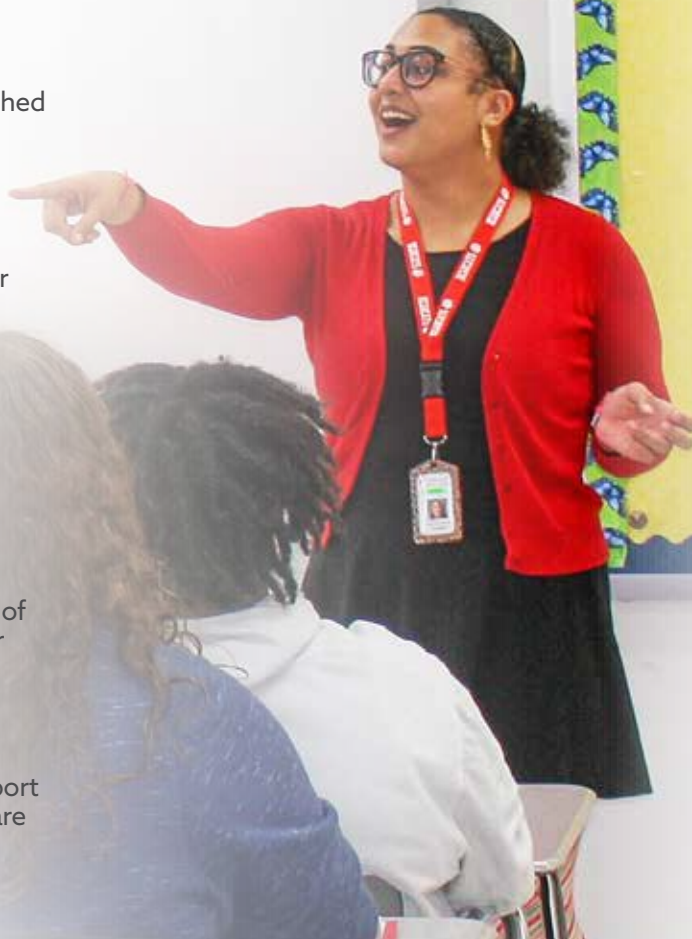

INITIATIVE HIGHLIGHTS:

Mini-Grants Impact 14,000 Students:

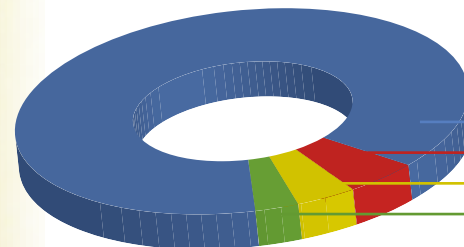

In response to the 2021 school year starting fully remote, HCEF launched an initiative that supported innovative remote learning by providing HCPS teachers with \$500 'mini-grants' that opened wide the door to more effective learning. With an enthusiastic response from HCPS teachers and the community, HCEF awarded 62 grants, totaling over \$25,000, and impacting 14,000 HCPS students. The many useful and creative grant requests included technology enhancements for better online communications, including go-pros and cameras, educational software, digital subscriptions, virtual field trips, and interactive manipulatives for explaining difficult concepts.

Latest Scholarship Aims to Nurture our Own Teaching Workforce Among Individuals of Color:

To assist efforts by Henderson County Public Schools to create a teaching and administrative staff that is consistent with the diversity of the student body, the HCEF Board of Directors initiated the Grow Our Own Educational Assistance Fund in partnership with a community coalition and individual and corporate donors in the Spring of 2021. This scholarship will serve to open doors for decades to come in the recruitment of Black, Indigenous, People of Color (BIPOC) students (current and former) and current HCPS staff (teaching assistant, support personnel) interested in a teaching career, to train, develop and prepare them to return to Henderson County to join the teaching workforce.
